

TIKONE SOLUTIONS LIMITED

 **QuickPOS**
Easy to Use | Quick to Sell

QUICK TO SELL, EASY TO USE

QuickPOS is a web-based point of sale system that makes it simple to sell to your customers, and keep them coming back to the store.

- Petty Cash
- Split Tenders
- On-Hold Transactions
- Barcode Scanning
- Custom Payment Types
- Customer Management
- Employee Management
- Inventory Management
- On Demand Reports

SYNCHRONIZABLE

Run your business from multiple locations. QuickPOS is designed to consolidate data at a central location without any user intervention. Sync runs in real time

SCALABLE

We look at exactly where you're going to ensure that your tech and software easily grow with you

SECURE

All data is kept in cloud and can be easily restored. The system provides audit trails so you can trace any problems

FAST & RESPONSIVE

QUICKPOS integrated terminals improve significantly the touch screen responsiveness & helps maintain working speed even during the busiest hours

MULTIPLE TENDER TYPES

We offer you a flexible system of making payments including Cash, Cheque, Mobile Money e.t.c.

USER FRIENDLY

High resolution touchscreen terminal & an intuitive interface makes it easy to use with customers
